

Safer Houseplant Insect Killer

ACTIVE INGREDIENTS	By Wt.
Pyrethrins.....	0.012%
Potassium salts of fatty acids.....	1.015%
INERT INGREDIENTS.....	98.973%
TOTAL.....	100.00%

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SHAKE BEFORE USING

Hold sprayer 12 to 18 inches from surface and spray to achieve thorough coverage. Use with caution on new, tender foliage. Do not use this product in or around electrical equipment due to the possibility of shock hazard.

Use on Houseplants: To kill aphids, spider mites, red mites, mealybugs, thrips, scales, caterpillars, and whiteflies. Apply when insects or their damage first appear. Spray to thoroughly moisten all plant surfaces where insects are feeding or resting. Repeat treatment every 7 to 10 days when insects are present as needed to prevent damage.

CAUTION: Do not use on crown of Thorns, jade plant or delicate ferns. Test on begonias, fuchsias and impatiens for varietal sensitivity.

Precautionary Statements

Hazards to Humans and Domestic Animals

CAUTION: Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

FIRST AID: If on skin: Wash with plenty of soap and water. Get medical attention. If in eyes: Flush eyes with plenty of water. Call a physician if irritation persists.

PHYSICAL OR CHEMICAL HAZARDS: Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperature above 130 degrees F may cause bursting. Incineration of container may cause explosion.

ENVIRONMENTAL HAZARDS: This product is toxic to fish. For terrestrial uses, do not apply directly to water, or to areas where surface water is present or to intertidal areas

below the mean high water mark. Do not contaminate water when disposing of equipment washwaters. Remove or cover fish in the area being treated.

Storage and Disposal

Storage: Protect from freezing. If frozen, thaw and shake well. Store in a cool, dry place (preferably locked) inaccessible to children and pets, and away from heat, open flame or other sources of ignition. Disposal: This container may be recycled in aerosol recycling centers. At present, there are only a few such centers in the country. Before offering for recycling, empty the can by using the product according to the label (DO NOT PUNCTURE). If recycling is not available, wrap the container and discard in the trash.
